ORCHESTRAL EQUIPMENT

ORCHESTRAL CONCEPT
line

To meet the needs of our customers, we have created a new product line:

We boast nearly a quarter of a century of experience in having successfully distributed and serviced a variety of musical instruments. We are also a manufacturer of a wide range of orchestral accessories.

We believe that continuous development is an integral part of any successful business, which is why we never stop improving our products. Our priorities are:

- durability,
- user-friendly design
- workmanship excellence

The range of products we offer includes:

- chairs for orchestral musicians
- chairs and podiums for conductors
- choral risers .
- music stands
- specialist instrument stands
- light fittings

All our products are made of certified materials and assembled with the utmost care by highly-skilled craftsmen. This guarantees flawless quality in everything we make and the reliability that you seek in a product.

We operate internationally and our orchestral gear — chairs, music stands, podiums and risers — may be found in some of the greatest Polish concert halls as well as in a number of significant cultural venues across the Old Continent. We are convinced that cooperation with us holds promise for long-lasting mutual satisfaction.

Our products meet the most rigorous standards on flammability, toxicity and durability

We offer mobile service.

Why collaborate with us?

flexibility of operation

We meet our customers' individual expectations.

comfort of use

Our products are designed with the performer in mind by facilitating long hours of practice and maximising stage performance.

precision of workmanship

A careful combination of the right components is what determines our products' robustness, ease of use and elegant look.

long working life

The orchestral equipment we manufacture comes with a guarantee of a long and trouble-free usage.

international business experience

We supply chairs, music and instrument stands, podiums and risers to some of the largest music centers in Europe and in the world.
